

Lightolier 3D Printed Cylinder Pendants, PD Series allows for thousands of different combinations, tailored to seamlessly match any indoor environment. Create dynamic new decorative styles for your projects by selecting from a variety of polycarbonate materials, visually rich surface textures, unique and creative shapes. Unleash your inner creator and select from the many options these cylinder pendants have to offer.

This portfolio of luminaires is powered by myCreation, Genlyte's advanced additive manufacturing technology that enables rapid production of high-quality, customizable luminaires. It streamlines design-to-delivery with on-demand colors, textures, and configurations—while reducing components and using 3D-printed parts made from at least 75% recycled or mass-balanced, bio-circular materials.
