

Control light and improve satisfaction with our Universal Shield

Precise Light trespass control eliminates unwanted light spill, directing illumination exactly where it's needed.

The Universal Shield can be rotated into four different orientations to block light in the desired direction—house, left, right, or front—providing precise light control with a single component. A complete accessory that can be installed in RoadFocus Plus & HighFocus Plus luminaires.

Universal Shield RoadFocus Plus

Roadway

Simplified Ordering

Simplify the entire selection process with one versatile component. Enjoy a faster, easier, and more intuitive ordering experience, with consistency from purchase to installation.

Weather resistant

Engineered to endure the harshest elements, Universal Shield deliver long-lasting durability without compromising performance. It maintains its appearance and consistently provides high-quality illumination in all weather conditions—season after season.

Positive Public Perception

Universal Shield helps cities proactively address one of the most common sources of lighting concerns, strengthening trust and confidence in local leadership.

Easy to Install

Designed for quick, tool-free installation and effortless field retrofits, enabling fast upgrades with minimal disruption—delivering maximum convenience for your lighting projects.
